|  |  | The following decree was published in the Soviet Zone Railroad Bulletin of 10 December 1050: |   |  |   |                   |         |               |  |
|  |  | "TO: All Reg<br>Republic:  | 0: All Regional Railroad Headquarters in the Corman Democratic epublic: |  |   |                   |         |               |  |
| "The fulfillment of the Five-Year Plan requires that all the struction projects envisaged in the invest ent plan be carr The critical shortage of rails may necessitate use of rails laid and their installation at other places, where they wou greater economic value. For this reason the regional railr quarters will examine with the utmost care the question of in their districts may be dismantled for the procurement of terial without disturbing vital operations. Both the small sections and entire lines may be earmarked for dismantling, of decisions to be taken by us, regional railroad headquart name all tracks, the capacity of which is presently being u only to a small degree.  "This is an urgent request, and the result of the examinatio will have to be communicated to us by telegram by 15 December. |  |  |   |  |   |                   |         |               |  |
